

Heavenly Bliss Summer Newsletter 2012

## Summer is here!

Although we look forward to these warmer months ahead it can often mean a very busy and stressful time with Christmas and social gatherings. Let us at Heavenly Bliss take some of that Stress away with one of our relaxing treatments.

We also have some great Gift ideas for that special someone or even a gift voucher; we can organize Vouchers over the phone and post it out to you to save some of that precious time!

### *It's Time to protect your skin with UV smart booster technology- Daylight Defense Range:*

Research has found that antioxidant vitamins are as important as sunscreens when defending skin against

the ageing and burning effects of damaging ultraviolet (UV) light and free radicals. For this reason, Dermalogica products feature *UV Smart Booster Technology*, a customized microcapsule that safeguards active vitamins, and then bursts open upon contact with UV rays, releasing an active ingredient complex of vitamins C and E for maximum free radical and daylight protection.

Speak with your professional skin therapist about a sunscreen moisturiser that can be worn comfortably under make-up, or alone, to deliver the ultimate defence against skin aging UV light.

Receive \$20 off a facial or body treatment when you 'Join' or 'Like' our Facebook page. Simply print off the facebook page and bring along to your next appointment
